LLOYD'S REGISTER

OF

BRITISH AND FOREIGN

SHIPPING.

PUBLICATIONS ISSUED BY THE COMMITTEE OF LLOYD'S REGISTER.

LLOYD'S REGISTER OF SHIPPING, issued annually on the 1st of July. This Book contains the Names, CLASSES, and detailed information concerning the Vessels classed by Lloyd's Register and the Underwriters' Registry for Iron Vessels; and in addition the Names, Dimensions, and other particulars of all Vessels of 100 tons and upwards registered in the United Kingdom, and of many foreign Vessels.

TERMS OF SUBSCRIPTION:—For Individuals or Firms, £3 3*s.* per annum; for Public Companies or Public Establishments (not engaged in Marine Insurance), £10 10*s.* per annum. The Subscription of Marine Insurance Companies is regulated by the Committee on special application in each case, but is not less than £10 10*s.* per annum.

The Register Books of London Subscribers can be periodically posted by type with additions and corrections, throughout the year; but in the case of Books thus posted, supplied on a Subscription of £3 3*s.* per annum, an additional charge of £1 1*s.* per annum is made.

For the convenience of Subscribers not resident in London, or not having their Books posted, a Supplement, containing the additions to, and corrections in the Register Book, is issued fortnightly and forwarded gratis to Subscribers.

The Rules for the Building and Classification of Ships are supplied with the above work.

THE RULES FOR THE BUILDING AND CLASSIFICATION OF SHIPS are also published separately.

PRICE:—Rules for Wood and Composite Ships, 5*s.*; Rules for Iron and Steel Ships, 5s.; Complete Rules, 10*s.*

UNIVERSAL REGISTER, issued annually on the 1st of April. This work contains, as far as possible, particulars of EVERY SEA-GOING VESSEL (including Yachts) in the world of 100 tons and upwards; an alphabetical LIST OF ALL SHIPOWNERS, with their addresses and the names and tonnages of their vessels; particulars of the WAR VESSELS BELONGING TO ALL NATIONS; details of the DOCKS, SLIPWAYS, ETC., IN ALL COUNTRIES, together with various statistical and other useful information.

TERMS OF SUBSCRIPTION:—For Individuals or Firms, or Public Companies, &c., other than those noted below, £3 3*s.* per annum. For Public Companies engaged in Marine Insurance, Public Libraries, Exchanges, Chambers of Commerce, Underwriters' Associations, &c., &c., £5 5*s.* for first copy; and £3 3*s.* for each additional copy.

YACHT REGISTER, issued annually on the 1st of May. This book contains, in addition to the Names, CLASSES, and detailed information relating to Yachts classed by the Society, the Names, Dimensions, &c., of all British and Foreign Yachts, the particulars of which are known; also, in an Appendix, a List of the various Yacht Clubs with Illustrations of their respective Flags, an Index of Signal Letters, a List of Yachts, the names of which have been changed, a List of Yachts arranged according to Tonnage, an Alphabetical List of the Names and Addresses of Yacht Owners so far as they can be ascertained, and a List of Yacht Builders and Designers, showing the Yachts which they have respectively built and designed, besides Statistical and other interesting information. An Illustrated List of the RACING FLAGS of Yachts has been added in the latest issue of the work.

The Society's Rules for the Building and Classification of Iron, Steel, Wood, and Composite Yachts are comprised in the volume.

TERMS OF SUBSCRIPTION:—15*s.* per copy for Individuals or Firms; and for Yacht Clubs, Marine Insurance Companies, and other public bodies, not less than £2 2*s.* per annum. For the latter Subscription two copies of the work will be supplied, if required.

THE RULES FOR THE BUILDING AND CLASSIFICATION OF YACHTS are published also separately.

PRICE:—2*s.* 6*d.* per copy.

LIST OF DRY DOCKS, PONTOONS, PATENT SLIPWAYS, ETC., AT ALL PORTS IN THE WORLD, giving dimensions, height of tides, &c., and including a Table showing the weight in ounces per cubic foot of samples of sea and river water taken from ports in the United Kingdom.

PRICE:—2*s.* 6*d.* per copy.

REPORT ON MASTING, being a Report made to the Committee of Lloyd's Register of British and Foreign Shipping by the Society's Chief Surveyor and his Assistants concerning the DISMASTING OF LARGE IRON SAILING SHIPS.

PRICE:—15*s.* per copy.

LLOYD'S REGISTER

OF

BRITISH AND FOREIGN SHIPPING.

ESTABLISHED 1834.

UNITED WITH THE

UNDERWRITERS' REGISTRY FOR IRON VESSELS IN 1885

From 1st July, 1887, to the 30th June, 1888.

The REGISTER,—which is printed solely for the information of Merchants Shipowners, Underwriters, and others, being Subscribers or Members,—contains, in addition to the names, class, and other useful particulars relating to vessels classed by the Society, and those classed by the Underwriters' Registry for Iron Vessels, the names, dimensions, &c., of *all* vessels of 100 tons and upwards registered in the United Kingdom, some of which, although not classed by the Society, may be classed elsewhere.

The conditions regulating the classification of vessels in the REGISTER are contained in the Society's Rules.

The KEY to the REGISTER precedes the List of Vessels.

OFFICE: 2, WHITE LION COURT, CORNHILL, LONDON.

1887.

LLOYD'S REGISTER OF BRITISH AND FOREIGN SHIPPING,

UNITED WITH THE

UNDERWRITERS' REGISTRY FOR IRON VESSELS IN 1885.

ESTABLISHED 1834.

NOTICE.

The Register, which is printed solely for the use of Subscribers, now contains the respective characters and full particulars of Vessels which are classed by LLOYD'S REGISTER OF BRITISH AND FOREIGN SHIPPING, and of those which are classed by the UNDERWRITERS' REGISTRY FOR IRON VESSELS.

It also contains the Names, Dimensions, and other useful particulars of *all* Vessels of 100 tons and upwards registered in the United Kingdom, some of which, although not classed in this Society's Register, may be classed elsewhere.

The conditions regulating the Classification of Vessels in the Register are contained in the Rules.

The Key to the Register precedes the List of Vessels.

TABLE OF CONTENTS OF REGISTER BOOK,
AND THE RULES OF THE SOCIETY.

REGISTER BOOK.

List of the Committee.

Liverpool Branch.

List of Surveyors.

List of Subscribers.

1885	Ytier & Rocoffort	Marseilles

KEY TO THE REGISTER.

1887—88.

KEY TO SYMBOLS OF CLASSIFICATION IN REGISTER BOOK.

CLASSIFICATION OF LLOYD'S REGISTER.

*⊕A1 ..... Character of Iron vessels built with thicker plating than the Rules *now* require.

⊕A1 ⊕A1 ⊕A1 Characters of Iron ships built according to the Rules of the Society in force between the years 1864 and 1871.

A1 ..... Without a numeral prefixed, character of Iron vessels built for a special purpose.

100A1 95A1
90A1 85A1 } Characters of ships built of Iron or Steel according to the Rules of the Society for Iron ships since 1869.
80A1 75A1

A 1 ..... Character of Wood or Composite ships of the first class well and sufficiently equipped. The figures in column 13 indicate the term of years assigned originally or on continuation on the character A.

A 1 ..... Character of ships which have passed period assigned on original Survey, or Continuation, or Restoration, and of ships, not having an original Character, which are found to be fit to carry dry and perishable goods to and from all parts of the world.

Æ 1 ..... Character of ships fit for conveyance of dry and perishable goods on short voyages, and cargoes not in their nature subject to sea damage on any voyage.

E 1 ..... Character of ships which have been found on survey fit for the conveyance of cargoes not in their nature subject to sea damage on any voyage.

1 F 2 F .... Characters assigned to Foreign Built Ships—now discontinued.

The figure 1 affixed to a character signifies that the vessel is well and sufficiently equipped. A line after the A (thus, A—) signifies that the equipment is deficient from that required by the Rules.

A ring over the figure 1, thus ⓵, indicates defects in the masts or rigging of a Sailing ship imperilling the vessel's safety.

A *red* ring over the figure 1, thus ⓵ indicates defects in the engines and boilers of a steam ship imperilling the vessel's safety.

CLASSIFICATION OF THE UNDERWRITERS' REGISTRY.

A1*, A1* ..... Characters of Iron or Steel Vessels built in excess of the Rules and of extra quality of Iron

A1*, A1*; A1, A1; A, A Characters of Iron, Steel, or Composite Vessels built according to the Rules.

Vessels classed in Red have been built under the inspection of the Surveyors to the Liverpool Registry.

The symbols of class when printed within brackets thus (A1*)—, indicate that the class of the Vessel has lapsed for want of Survey, and when printed within brackets thus (A1*) (—), that the class has been withdrawn by request of the owners.

The figure 1 or 2 affixed to Symbols of Classification signifies the Character of Equipment.

The figures in the fifteenth Column represent the mean drafts corresponding to an immersion of 65 70, 75, and 80 per cent. respectively, as assigned by the Underwriters' Registry, but these drafts do not indicate approved load lines.

ABBREVIATIONS (*Alphabetically arranged*), AND SIGNS.

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
		A.
a, or *a*†	13	Equipment letter, as per Table No. 22.
(*a*)	7	Shell, end plates, furnaces and combustion chamber of boiler made of steel; stays of iron.
A.	7	Ash (timber).
A.&C.P. ...	12	Anchors and Chains proved at a Public Machine recognised by the Committee of LLOYD'S REGISTER. See Table No. 22.
Alm. rb.	7	Almost rebuilt,—with date of the work.
A.P.	12	Anchors proved at a Machine recognised by the Committee of LLOYD'S REGISTER. See Table No. 22.
A.P.T. ...	10	After Peak Tank. See Illustration following KEY to REGISTER.
Asp.	2	Asphalted.
Awning dk.	2&3	Built according to the Rules for Awning Decked vessels. Section 43. See Fig. 8 of Illustrations of Types of Vessels following KEY to REGISTER.
		B.
b, or *b*† ...	13	Equipment letter, as per Table No. 22.
(*b*)	7	Shell, stays and end plates of boiler made of iron; furnaces and combustion chamber of steel.
B.B.	7	Black Birch (timber).
Bh.	7	Beech (timber).
B.D.	5	Bridge Deck. See Illustrations of Types of Vessels following KEY to REGISTER.
B.Hds. ...	2	Bulkheads, with number of same prefixed.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO ABBREVIATIONS AND SIGNS—*continued.*

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
B & M S	7	Boilers and Machinery Surveyed, with date, denoting that the Boilers and Machinery, though not fitted strictly in accordance with the Rules, were found, upon inspection at that time, to be in good condition.
B S	7	Boilers Surveyed, with date, denoting that the Boilers were found, upon inspection at that time, to be in good condition.
B.S.	10	Subject to Biennial Survey.
Bk.	2	Bark (Barque).
Bkn.	2	Barkentine (Barquentine).
Bg.	2	Brig.
Bn.	2	Brigantine.
Brk.	5	Break Deck. (See *R.Q.D.* in Figs 4 and 6 of Illustrations of Types of Vessels following KEY to REGISTER.)
		C.
c, or *c*† ...	13	Equipment letter, as per Table No. 22.
(*c*)	7	Shell and stays of boiler made of iron ; end plates, furnaces and combustion chamber of steel.
C	2	Sheathed with Copper.
Cr.	7	Cedar (timber).
Chs.	7	Chestnut (timber).
C.	7	Compound Engines.
C.	13	Placed before figures signifies the number of years for which the Vessel had been Continued.
C.B.	2	Fastened with Copper or Yellow Metal Bolts, as per paragraph No. 3, Section 46 of Rules for Wood Ships.
c.f.	2	Fastened with Copper or Yellow Metal bolts, as per paragraph No. 1 in Section 46 of Rules for Wood Ships.
C.F.	2	Fastened with Copper or Yellow Metal bolts, as per paragraph No. 2 in Section 46 of Rules for Wood Ships. Also for Copper or Yellow Metal fastenings of Composite ships, as per paragraph No. 1, page 129.
C.F. ...	2	Fastened with Copper or Yellow Metal bolts for Composite ships, as per paragraph No. 2, page 129.
C.P.	12	Chains proved at a Public Machine recognised by the Committee of LLOYD'S REGISTER. See Table No. 22.
Cell. DB.	10	Cellular construction of Double Bottom. See Illustration following KEY to REGISTER.
Cem.	2	Cemented.
Cl.	7	Clincher (build).
Cmp.	7	Engines altered to Compound, with date thereof.
Comp.	2	Composite (build).
Cont.	10	Continued. With the name of Port of
	11	Survey and Date, also number of years
	12	for which the vessels are Continued
	13	on the Character A (thus, Cont. Lon. Dec. 86–8 years).
Ctr.	2	Cutter.
Cy.	7	Cylinders, with number of same prefixed. The figures after Cy. represent diameter of cylinders and length of stroke in inches.

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
		D.
d, or *d*†...	13	Equipment letter, as per Table No. 22.
(*d*)	7	Shell and end plates of boiler made of steel ; stays, furnaces, and combustion chamber of iron.
d.	2	Doubled with Wood.
D.	7	Diagonal Engines.
D.B.	10	Double Bottom. See Illustration following KEY to REGISTER.
D.B.a. ...	10	Double Bottom, aft. See Illustration following KEY to REGISTER.
D.B.f. ...	10	Double bottom, forward. See Illustration following KEY to REGISTER.
D.B. under E. & B.	10	Double bottom under Engines and Boilers. See Illustration following KEY to REGISTER.
Dd.....	7	Decks Doubled.
D. F. & S.	7	Decks Felted and Sheathed.
dia.d. ...	2	Bottom diagonally doubled with Wood.
Dks.	2&3	Decks, with number prefixed thus, 2 *Dks.*
Dr.....	2	Dogger (rig).
Drp.	7	Damage repairs to Ship.
drp.	7	Damage repairs to Machinery.
		E.
e.....	13	Equipment letter, as per Table No. 22.
(*e*)	7	Shell of boiler made of steel ; stays, end plates, furnaces, and combustion chamber of iron.
E.	7	Elm (timber).
E.	14	See SYMBOLS OF CLASSIFICATION at the beginning of KEY to REGISTER.
Ex.....		Experimental.
Expl. B.S.	10	Vessels built experimentally and classed subject to Biennial Survey.
Expl. T.S.	10	Vessels built experimentally and classed subject to Triennial Survey.
		F.
f	13	Equipment letter, as per Table No. 22.
(*f*).....	7	Shell of boiler made of iron ; stays, end plates, furnaces, and combustion chamber of steel.
F.	2	Felt.
F.	7	Fir (timber).
F.	5	Forecastle. See Illustrations of Types of Vessels following KEY to REGISTER.
F.D.	5	Flush Deck. See Fig. 1 of Illustrations of Types of Vessels following KEY to REGISTER.
F.P.T. ...	10	Fore Peak Tank. See Illustration following KEY to REGISTER.
F & d	2	Bottom felted and doubled with wood.
F & *dia.* d.	2	Bottom felted and diagonally doubled with wood.
F.&Y.M.	2	Sheathed with Yellow Metal over Felt.
F.S.	10	Full Scantlings, carried to upper deck.
F.S. & *Awning dk*	10	Full Scantlings, carried to the deck below Awning deck.
		G.
g.....	13	Equipment letter, as per Table No. 22.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO ABBREVIATIONS AND SIGNS—*continued.*

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
(*g*)	7	Shell and end plates of boiler made of iron; stays, furnaces, and combustion chamber of steel.
G.	2	Galliot.
G.	7	Gum (timber).
Ght	7	Greenheart (timber).
G.I.B. ...	2	Fastened with Galvanised Iron Bolts.
		H.
h	13	Equipment letter, as per Table No. 22.
(*h*)	7	Shell, end plates, furnaces, and combustion chamber of boiler made of iron; stays of steel.
H.	2	Hoy (rig).
H	7	Horizontal Engines.
H.	5	House on Deck.
Hk.	7	Hackmatack (timber).
Hem.	7	Hemlock (timber).
H'	7	Horse Power, according to ship's official register.
H.T.	11	Half Time or Intermediate Survey held. (Section 34.)
		I.
i.....	13	Equipment Letter, as per Table No. 22.
(*i*)	7	Shell, stays, end plates, furnaces, and combustion chamber of boiler made of iron.
I.	7	Inverted Cylinders.
I.B.	2	Fastened with Iron Bolts.
(*Irn.*)	2	Iron—material of Decks.
		J.
j..... ...	13	Equipment letter, as per Table No. 22.
(*j*)	7	Shell and stays of boiler made of iron; remainder partly of steel, partly of iron.
J.	7	Juniper (timber).
		K.
k	13	Equipment letter, as per Table No. 22.
(*k*)	7	Shell and stays of boiler made of steel; remainder partly of steel, partly of iron.
K.	2	Ketch.
		L.
l.....	13	Equipment letter, as per Table No. 22.
(*l*)	7	Shell of boiler made of steel; stays of iron; remainder partly of steel, partly of iron.
L.	7	Locust (timber).
Lh.	7	Larch (timber).
LO.....	7	Live Oak (timber).
L.	7	Lever Engines.
lb.	7	(With figures prefixed). Boiler Pressure in pounds per square inch.

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
len.	7	Ship lengthened.
LA.&C.P. ...	12	Anchors and Chains proved at a Machine under the Superintendence of the Committee of LLOYD'S REGISTER. See Table No. 22.
L.M.C.	7or8	Lloyd's Machinery Certificate, with date, denoting that the Machinery and Boilers are fitted in accordance with the Rules, and found at the time mentioned in good condition.
✠L.M.C.	7or8	Special Survey of Machinery during construction by the Engineer-Surveyors to LLOYD'S REGISTER.
Lr.	2	Lugger.
lrp.	7	Large repairs to Hull of Ship.
lrr.	7	Large repairs to Machinery.
Lv.	13	Classification of the Liverpool Underwriters' Registry.
		M.
m	13	Equipment letter, as per Table No. 22.
(*m*).....	7	Shell of boiler made of iron; screw stays of steel; longitudinal stays of iron; remainder partly of steel, partly of iron.
M.	7	Mahogany (timber).
M.S.	7or8	Machinery Surveyed, with date, denoting that the Machinery, though not fitted strictly in accordance with the Rules, was found, on inspection at that time, to be in good condition.
M.T.	10	Midship deep Tank. See Illustration following KEY to REGISTER.
Mat.	7	Materials, with number of years prefixed, indicates the different grades of Wood used in ship's construction, as per Table A.
		N.
n	13	Equipment letter, as per Table No. 22.
(*n*)	7	Shell of boiler made of iron; stays of steel; remainder partly of steel, partly of iron.
N.B.	7	New Bottom.
N.B.	7	New Boilers.
✠N.B.	7	New Boilers specially Surveyed during construction.
N.D.	7	New Deck.
N.E.	7	New Engines.
N.E.&B.	7	New Engines and Boilers.
✠N.E.&B.	7	New Engines and Boilers, which have been *specially Surveyed* during construction.
NKl.	7	New Keel.
NKlsn. ...	7	New Keelson.
NTsds. ...	7	New Topsides.
NW.	7	New Wales.
		O.
o	13	Equipment letter, as per Table No. 22.
(*o*)	7	Shell, screw stays, end plates, furnaces, and combustion chamber of boiler made of steel; longitudinal stays of iron.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO ABBREVIATIONS AND SIGNS—*continued.*

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
O.	7	Oscillating Cylinders.
O.	7	Oak (timber).
O.M.	7	Old materials used in ship's construction.
		P.
p	13	Equipment letter, as per Table No. 22.
(*p*).....	7	Shell and longitudinal stays of boiler made of iron ; screw stays, end plates, furnaces and combustion chamber of steel.
P.	7	Pine (timber).
P.B.H ...	2	Partial Bulkhead, or Bulkhead not reaching to the Main Deck.
PP.	7	Pitch Pine (timber).
P.	5	Poop Deck. See Illustrations of Types of Vessels following KEY to REGISTER.
plk.	7	Plank
pt.	2	Part.
ptOM. ...	7	Part Old Materials used in ship's construction.
Pad.	7	Paddle Steamer.
		Q.
q...	13	Equipment letter, as per Table No. 22.
(*q*)	7	Shell, longitudinal stays, end plates, furnaces, and combustion chamber of boiler made of iron ; screw stays of steel.
		R.
r	13	Equipment letter, as per Table No. 22.
(*r*)	7	Shell, longitudinal stays, end plates, furnaces, and combustion chamber of boiler made of steel ; screw stays of iron.
Rest.	11	Restored. Thus, Rest. *Lon.* 86–5 yrs., denotes that the vessel was restored on the A character for 5 years from 1885, and that the Survey was held at London.
retrld. ...	7	Re-treenailed.
Roof	3	Vessel built under a roof, as per Section 48 of Rules for Wood Ships.
RP.	7	Red Pine (timber).
R.Q.D. ...	5	Raised Quarter Deck. See Figs. 4 and 6 of Illustrations of Types of Vessels following KEY to REGISTER.
		S.
s.....	13	Equipment letter, as per Table No. 22.
(*s*)	7	Shell, stays, end plates, furnaces, and combustion chamber of boiler made of steel.
s.	2	Sheathed with Wood.
S.	7	Spruce (timber).
Sb.	7	Sabicu (timber).
Sl.	7	Saul (timber).
Salted ...	3	Vessels salted in accordance with Rules. Section 37.
Salted† ...	3	The dagger signifies that the vessel's beams have *not* been salted.
S.	2	Ship.
Scw.	2	Screw.
Stm.	2	Steamer.
Sk.....	2	Smack.
Sp.	2	Sloop.
Sq.	2	Square Rigged.
Sr.	2	Schooner.
Sw.	2	Snow.
s.c.	7	Surface condensing.
Shade dk.	2&3	Deck of light construction and with openings in sides. See Fig. 7 of Illustrations of Types of Vessels following KEY to REGISTER.
Spar dk.	2&3	Built according to Rules for Spar-Decked Vessels. Section 42. See Fig. 9 of Illustrations of Types of Vessels following KEY to REGISTER.
srp.	7	Some repairs to Hull of ship.
s.s.	10 & 11	Special Survey of Iron or Steel ships. Vessels submitted to Periodical Surveys, as prescribed in the Rules for Iron Ships (thus, *s.s.* Nwc. *No.* 1–86 ; *s.s.* Hull *No.* 2–86 ; *s.s.* Lon. *No.* 3–86).
S.S.	11	Special Survey of Composite ships, with date, as per Section 43 of the Rules.
S.S.	10 & 11	Special Survey of Wood ships classed Æ or E, with the term of years granted them, and the year of Survey, as per Sections 61, 63, and 65 of Rules for Wood Ships (thus, SS. Whn. 86–4yrs.).
S. S.	11 & 12	Special Survey. Date in red affixed denotes that the vessel has been surveyed at that time in accordance with the Rules for Wood Ships, Section 60, and the number of years indicates the term for which the vessel remains on this character (thus, S.S Sld 86–5yrs)
(*Stl.*)	2	Steel, —material of Decks.
		T.
t.....	13	Equipment letter, as per Table No. 22.
(*t*)	7	Shell, screw stays, end plates, furnaces, and combustion chamber of boiler made of iron ; longitudinal stays of steel.
T.	7	Teak (timber).
Tam......	7	Tamarac (timber).
tr.B.	2&3	Tiers of Beams with number of same prefixed (thus 3*tr. B.*).
t.s.	10	With a date denotes that the vessel has been submitted to Triennial Survey, as prescribed by Rules for Iron Ships (thus, "*t.s.* 86").
Trpld. ...	7	Engines altered to Triple Expansion with date of alteration.
		U.
u	13	Equipment letter, as per Table No. 22.
U.M.	2	Sheathed with Union Metal.
		V.
v.....	13	Equipment letter, as per Table No. 22.
		W.
w	13	Equipment letter, as per Table No. 22.

A List of Surveying Ports will be found at the end of the KEY TO REGISTER.

KEY TO ABBREVIATIONS AND SIGNS—*continued.*

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
Well decked		See Figs. 5 and 6 of Illustrations of Types of Vessels following KEY to REGISTER.
W.F. & d	7	Wales felted and doubled with Wood.
W.F.&diad	7	Wales felted and diagonally doubled with Wood.
W F & S	7	Wales felted and sheathed with Wood.
WO.	7	White Oak (timber).
W.S.	7	Wales sheathed with Wood.
		X.
x.....	13	Equipment letter, as per Table No. 22.
		Y.
y	13	Equipment letter, as per Table No. 22.
Y.M.	2	Sheathed with Yellow Metal.
YP.	7	Yellow Pine (timber).
Yt.....	2	Yacht.
		Z.
z.....	13	Equipment letter, as per Table No. 22.
Z	2	Sheathed with Zinc.
		SIGNS, &c.
✠	1,13	Ships built under Special Survey.
✠	8	Machinery built under Special Survey.

Abbreviation or Sign.	No. of Col. in Register Book.	Signification.
A 1 (Red)	7	New Engines and Boilers built under Special Survey.
†	3	Following word *salted* signifies that the vessel's beams have *not* been salted.
5,86	14	Vessel at date mentioned, from reported defects, was not entitled to a character in Register Book.
5,86	14	Vessel's class withdrawn from non-compliance at date mentioned with the Society's Rules.
.	13	Vessel's class withdrawn at Owner's request.
— (after character)	14	Equipment of vessel deficient either in quality or quantity.
1	14	The figure 1 placed after a character signifies that the vessel is well and sufficiently equipped, as per Table No. 22.
Φ	14	A black ring over the figure 1 indicates defects in Masts or Rigging imperilling the ship's safety.
1	14	A red ring over the figure 1 indicates defects in Engines or Boilers of a steam ship imperilling the ship's safety.
2 or 3 *Dks*	5	Two or three Decks laid.
2 or 3 *trB.*	5	Two or three tiers of Beams, with or without Decks on them.
3 *decked-rule*	5	Built according to the Rules for Three-Decked Vessels, Section 41.

The Figures under a Character denote the date when the Vessel was last Surveyed.

When printed in red (except in the case of Vessels classed A 1 *in red) they indicate that the Survey has reference to the Stores only.*

The twelfth, thirteenth, and fourteenth Columns left blank, indicate that the Vessel has never been Classed in the Register Book.

The Figures in the thirteenth column, to vessels in the classes A in red, Æ or E class, imply that they were originally classed A for that number of years.

When the fourteenth column is left blank except as regards the date of Survey last recorded, it indicates that the Character has expired or been withdrawn from absence of Survey, or on account of non-payment of fee due in the case.

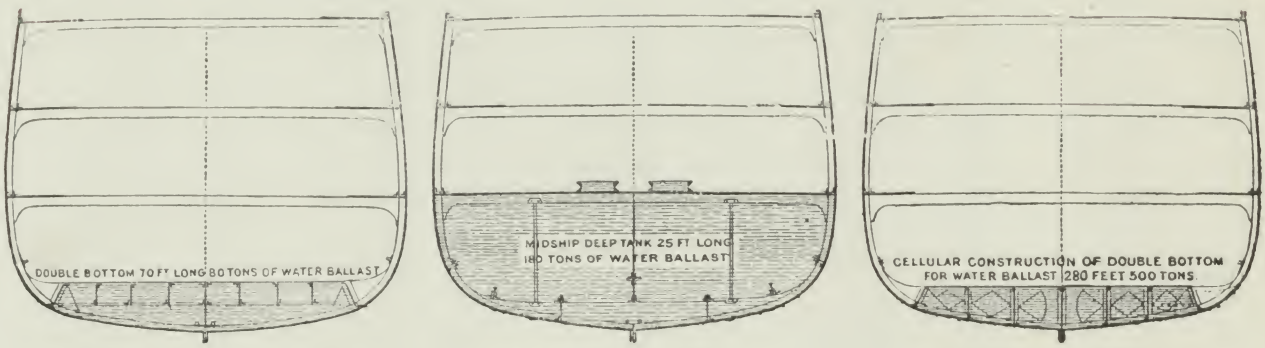
The figures recorded in the fifteenth column represent the mean drafts corresponding to an immersion of 65, 70, 75, and 80 per cent. respectively, but these drafts do not indicate approved load lines.

KEY TO ABBREVIATIONS.

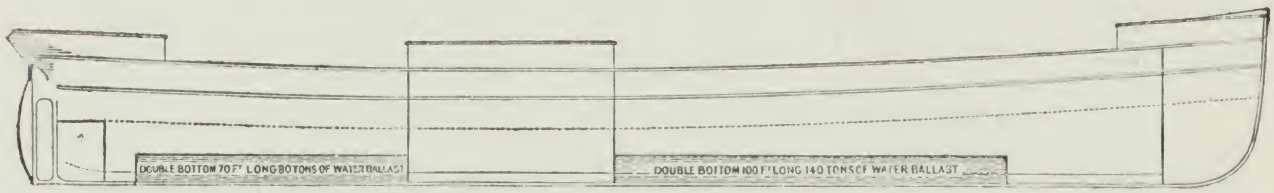
Illustrations of Notations *in the Tenth Column* of the Register Book, in regard to Double Bottoms and Water Ballast Tanks:—

DB.70ft.80tons: denoting Double Bottom 70 feet long; capacity, 80 tons.

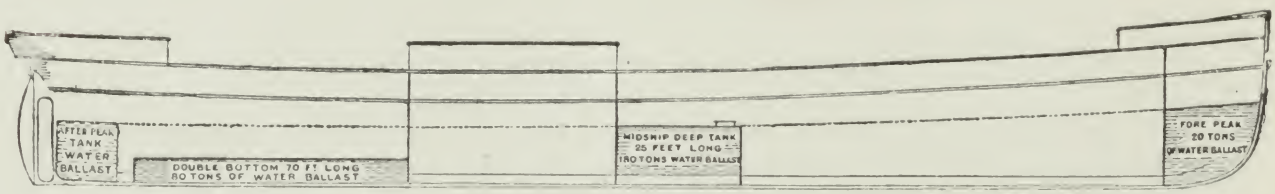
DB.a.58ft.f.40ft.180tons: denoting Double Bottom, aft 58 feet, forward 40 feet long; total capacity 180 tons.



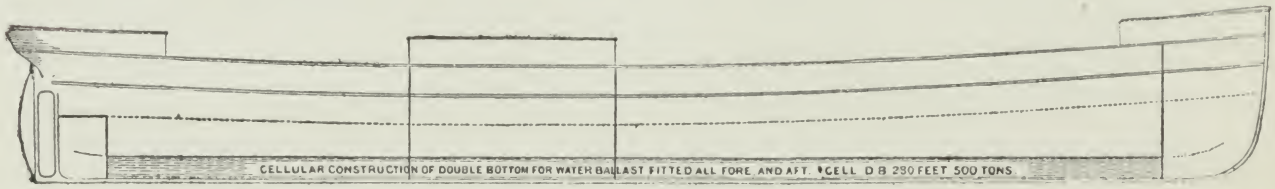
DB.a.72ft.&underE.&B.28ft.260tons: denoting Double Bottom aft 72 feet long, and under Engines and Boilers 28 feet long; total capacity, 260 tons.



Cell.DB.280ft.500tons: denoting cellular construction of Double Bottom 280 feet long; capacity, 500 tons.



F.P.T.20tons: denoting Fore Peak Tank; capacity, 20 tons.



A.P.T.8tons: denoting After Peak Tank; capacity, 8 tons.

M.T.25ft.180tons: denoting Midship deep Tank, 25 feet long; capacity, 180 tons. (*See* Diagrams.)

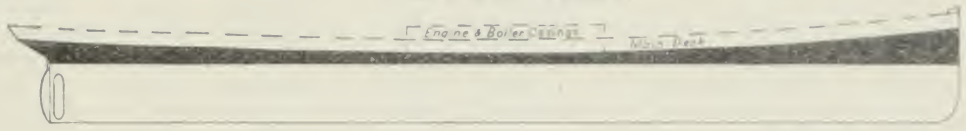
PARTICULARS OF WET DOCKS, &c.
LIST OF THE COMMITTEE OF LLOYD'S.
LIST OF MEMBERS OF LLOYD'S.
LIST OF AGENTS TO LLOYD'S.
EXTRACTS OF INSTRUCTIONS TO AGENTS TO LLOYD'S.
TABLE SHOWING THE DATES TO WHICH THE REGISTER BOOK IS POSTED.

EXPIRATION OF CLASS OF WOOD SHIPS.—EXTRACT FROM SECTION 59 OF THE RULES.

* The terms of years assigned to ships on the Character A, launched *previously to the 1st July*, 1859, also of ships launched during the *first* six months of the years 1860, 1861, 1862, and 1863, will expire on the 31st December of the last year of the periods assigned to them respectively.

The terms assigned to ships launched during the *last* six months of the years 1859, 1860, 1861, and 1862, will expire on the 30th June next after the last year of the periods assigned to them respectively.

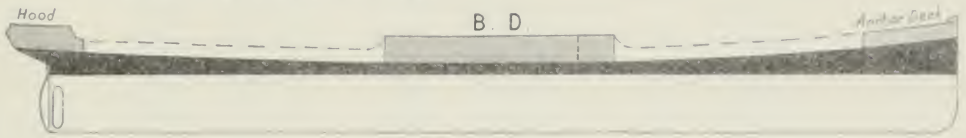


In the case of ships launched on and after the 1st July, 1863, the period originally assigned to them on the A 1 character, will in every case *date from the month* in which the vessel may be launched, and will expire at the end of the corresponding month in the year at which the period assigned terminates.

SKETCHES ILLUSTRATING THE DIFFERENT TYPES OF VESSELS CLASSED IN THE REGISTER BOOK.

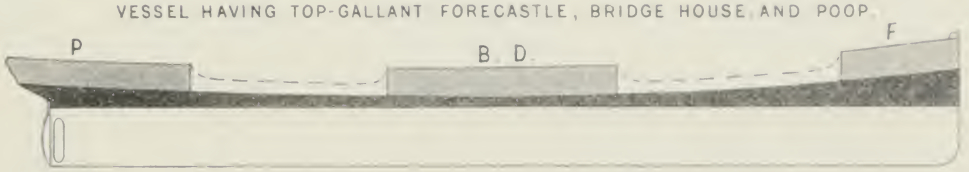
TRANSVERSE SECTIONS

FLUSH DECK VESSEL.



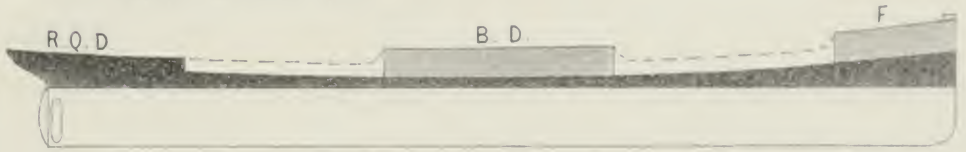
Nº 1

VESSEL HAVING MONKEY FORECASTLE, BRIDGE HOUSE, AND HOOD FOR THE PROTECTION OF STEERING GEAR

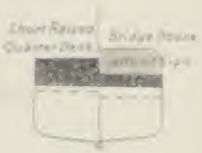


Nº 2

VESSEL HAVING TOP-GALLANT FORECASTLE, BRIDGE HOUSE AND POOP.

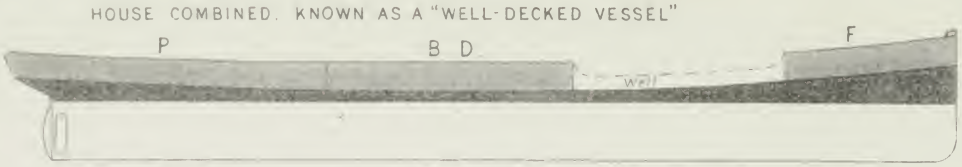


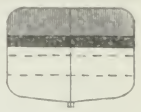
Nº 3



VESSEL HAVING TOP-GALLANT FORECASTLE, BRIDGE HOUSE, AND A SHORT RAISED QUARTER DECK.

Nº 4

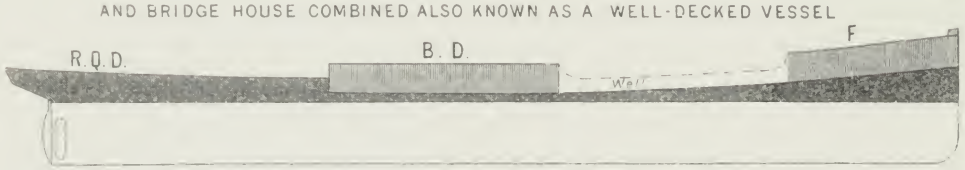




End of the corresponding month in the year at which the period assigned terminates.

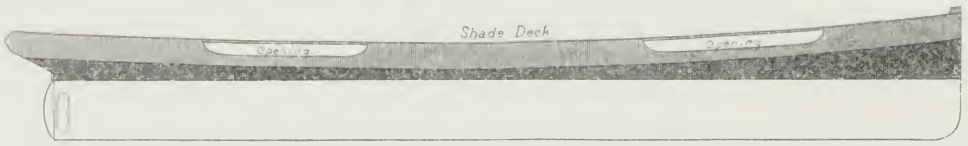
TRANSVERSE SECTIONS.

VESSEL HAVING TOP-GALLANT FORECASTLE WITH A LONG POOP AND BRIDGE HOUSE COMBINED. KNOWN AS A "WELL-DECKED VESSEL"



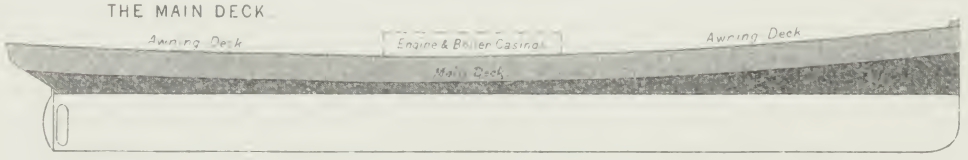
No.5

VESSEL HAVING TOP-GALLANT FORECASTLE WITH A LONG RAISED QUARTER DECK AND BRIDGE HOUSE COMBINED ALSO KNOWN AS A WELL-DECKED VESSEL



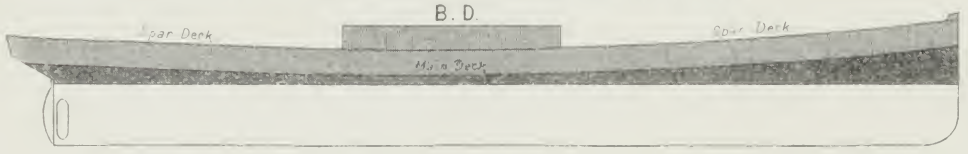
No.6

"SHADE DECKED VESSEL" THIS TYPE OF VESSEL HAS A CONTINUOUS UPPER DECK OF LIGHT CONSTRUCTION AND WITH OPENINGS IN THE SIDES.

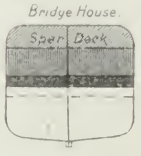


No.7

"AWNING DECKED VESSEL" THIS TYPE OF VESSEL HAS A CONTINUOUS UPPER DECK OF LIGHT CONSTRUCTION AND THE SIDES COMPLETELY ENCLOSED ABOVE THE MAIN DECK.



No.8



"SPAR DECKED VESSEL" THIS TYPE OF VESSEL IS CONSTRUCTED WITH THE SCANTLINGS ABOVE THE MAIN DECK HEAVIER THAN IN AN "AWNING DECKED VESSEL" BUT NOT SO HEAVY AS IN A "THREE DECKED VESSEL"

No.9

end of the corresponding month in the year at which the period assigned terminates;

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Register Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. drp.—Composite vessels, of Steel and Wood.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. The A 1, prefixed to Bal, Bk, Brq*

LHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. Machinery Certified by the Engineer-Surveyors to Lloyd's Register. MMS.—Boilers and Machinery Inspected and reported to be satisfactory to the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus, ✠ LMC 8.87) drp.—Large repairs. drp.—Leakage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 7,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1 *, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in blank (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey.*

Ass A 1 = Assisted to Hull, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Surveyed to the Engineer-Surveyors to Lloyd's Register. M&B.—Boilers and Machinery surveyed and reported to be satisfactory to the Engineer-Surveyors to Lloyd's Register. ✠ Indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC, ✠ M&B. Irn.—Iron repaired. Arp.—Damage repaired, of Materials.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (**A1**) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a. b. c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,88~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus A*1. that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1 *, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. *BHds*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. *Ccto.*—Cemented. *Asp.*—Asphalted.

LMC—Machinery Classed by the Register Surveyors to Lloyd's Register. BSRM—Boilers and Machinery Surveyed and reported to be satisfactory by the Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Cons. ✠ Lloyd's, ✠ Bureau Veritas.) *Iron*—Lloyd's Iron rivets. *drp*—Lloyd's Survey of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½, thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For list of abbreviations, see Key. EHds—Bulkheads. PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Asp—Asphalted. ND—Rules and Regulations for the Construction and Classing of Steam Vessels. Lrp—Large repeaters. drp—Drawing repeaters.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ✠ thus ✠ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, *painted in Red, see Key.* *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. Other ✠ LMC ✠ S.S.W.P.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, "⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note Σ thus A 1 Σ, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see T.-p. BHds—Bulkheads. PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Asp.—Ascertained.

LMC—Mercantile Cruising Rules. Bldrs—Builders' Measurement. Cff.—Certificate of Freeboard.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (**A1**)—, indicate that the class of the Vessel has lapsed for want of Survey, and when printed within brackets thus (**A1**) (—), that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,83) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,83) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⅄ thus A ⅄ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds—*Bulkheads* *PBH.*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.*—*Cemented.* *Asp.*—*Asphalted.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,86~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, applied to Hull, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

Lv.—Vessels classed by the Underwriters' Registry for Iron Vessels. ✠ Vessels classed in Lloyd's Register of Iron Vessels. ✠ Vessels classed in Lloyd's Register of Steamers. ✠ indicates Special Survey of Machinery or Boilers during construction. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, applied to Hull, see Rule. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Survey, and when printed within brackets thus (A1) (—), that the class has been withdrawn by request of the Owners.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c. indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 12 the ✠ signifies that the vessel was built under Special Survey.*

For A ‡ A 1, see page 1 of Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalted.*

Mch.—Machinery Classed by the Engineer-Surveyors to Lloyd's Register. *Boilers and Machinery Surveyed and reported on for this Register by the Engineer-Surveyors to Lloyd's Register.* *✠ indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC, ✠ LBC.* *bpp.—Between perpendiculars.* *drp.—Distance between perpendiculars.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 9.86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A, thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A‡1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certificate by the Engineer-Surveyors to Lloyd's Register. BMds.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ BMds). In.—Large repairs. drp.—Damage repaired of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus **(A1)—**, indicate that the class of the Vessel has lapsed for want of Survey, and when printed within brackets thus **(A1)** (—), that the class has been withdrawn by request of the Owners.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to* A *thus,* *A, *indicates that the Vessel has been built with heavier plating than the Rules now require; the note* Σ *thus* A Σ 1, *that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (◯) over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the* ✠ *signifies that the vessel was built under Special Survey.*

For A 1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.*

LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

* Footnote.—*Classification does not extend to Petroleum Fittings.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, d, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1*, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. A 1, printed in Table, see Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. C.—Machinery Classed by the Engineer-Surveyors to Lloyd's Register. P.C.M.—Donkey and Machinery Surveyed and reported to be made before by the Engineer-Surveyor to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N.S.6). lyp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2, thus A 2 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 15 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, restored to Rch. see Key. *LHds*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. *Cem.*—Cemented. *Asp.*—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½, thus A ½ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,86) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,86~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repor defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 1, thus A 1, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperalling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Surv*

For A1, printed in Red, see Key. *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt

LMC: Machinery Certified by the Engineer-Surveyors to Lloyd's Register. Boilers and Machinery Thickness and repeated Surveys of Machinery and Boilers during construction. ✠ LMC. ✠ NB.

Lloyd's Register ✠ indicates Special Survey of Machinery or Boilers during construction. ✠ LMC. ✠ NB.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Survey, and when printed wi brackets thus (A1) (—), that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, "✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½, thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A*1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A*1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey For A1, see Hull, and Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. NBMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ NBMS). lrp.—Large repairs. Imp.—Important repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

. Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships, or machinery, repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage or from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b c, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. *BHds.*—*Bulkheads.* *PBH.*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.*—*Cemented.* *Asp.*—*Asphalte.*

LMC.—Machinery Certified by the Society's Surveyors to Lloyd's Rules. *BCC.—Boilers and Machinery Certified and Examined to Lloyd's Rules.* *Lloyd's Engineer ✠ Ordinary Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N.S.B.).* *Irp.—Large repairs.* *drp.—Damage repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus* A : 1, *that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, painted in Red, see Rep. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC. Maintaining Confidence in the Maritime Surveyors to Lloyd's Register. B&MS. Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ or ✠ denote vessels classed at Foreign or Built in Foreign construction, (thus, ✠ LMC., ✠ NE&B) Irp.—Large repairs. Ten.—Chain or Towing Cables. Anc.—Anchors.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

No. 21.—**Baines Hawkins**. *Freeboard discontinued by Owner. June 1888*

Footnote* *Classification does not extend to petroleum fittings*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, '⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A 1 ‡, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in cylinders or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, "⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For A.1. symbol in Red, see Key. Vessels Certified by the Register Surveyors to Lloyd's Register. BEMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC); ✠ N.S.C.S. Imp.—Large repairs. Ary.—Alterations, repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one me Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported efects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the ociety's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ±, thus A ± 1, that the Vessel is been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a team Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. or A 1, granted in first two Cols. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ...) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. CMC.—Machinery Classed by the Engineer Surveyors to Lloyd's Register. BEMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Steamship Surveyors to Lloyd's Register. ✠ LMC., ✠ S.E.D. indicating Special Survey of Machinery or Boilers during construction. (Note, ✠ LMC., ✠ S.E.D.) trp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1. that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (**A1**) (—), indicate that the class has been withdrawn by request of the Owners.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A * 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck* *Cem.—Cemented.* *Asp.—Asphalted.*

(M)—Machinery Classed as the Hull. (Machinery Classed and reported to be built under the Rules and Regulations for the Construction and Classing of Steam Vessels. (Lloyd's Register.) ✠ signifies Special Survey during construction. (Glass) ✠ LMC Iron—Lower portion. Steel—Upper portion. Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ✠ thus A ✠ 1 that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ 6,88). drp.—Large repairs. drpy.—Damage repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

1 ✠ for Special Survey. Official No. Code Letters.	2 3 Ship's Name. Material, Rig, &c. Master, and Dates of Appointment to present Owner's Service & to Ship. Ship's Late Name. The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, see page xxi. *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC—Machinery Surveyed by the Engineer-Surveyors to Lloyd's Register. BAMS—Boilers and Machinery Surveyed and classed by the Boiler Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Illus. ✠ LMC ✠ NB84)

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column* 13 *three dots* ... *indicate that the Vessel was at the* assed, but that the Class has been withdrawn at Owner's request. *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c,* licate the letters and equipment numbers in Table No. 22. *In Column* 14 *a black line with date under it (thus,* 3.85*) indicates that, at that date, the Vessel, from reported* was not entitled to a Character in the Register Book; *a red line with date under it (thus,* 4.85*) indicates that the Class was withdrawn from non-compliance, at that date, with the* s Rules. *The note * prefixed to* ✠ *thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note* ‡ *thus* A ‡ 1, *that the Vessel* built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. *A ring in red* (O) *over the figure* 1 *indicates defects in engines or boilers of a* Ship, or in black (O) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns* 1 *and* 13 *the* ✠ *signifies that the vessel was built under Special Survey.*
printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.
Machinery Certified by the Engineer-Surveyors to Lloyd's Register. RMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMD., ✠ S.&B). Irg.—Large repairs. dfts.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported ts, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the ty's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the Vessel een built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a n Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp —Asphalted.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BSM3.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC). Lrg.—Large repairs. Srp.—Average repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ A thus, * ✠ A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC. BAMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. Asp.—Asphalted. dcp.—Donkey engines of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalted.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *BSMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* *✠ Indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ BSMS).* *lrp.—Large repairs.* *drp.—Lesser repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus * 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—*Cemented.* Asp.—*Asphalted.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5.88) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph

LMC.—Machinery Surveyed by the Engineer-Surveyors to Lloyd's Register. MMC.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ 6.85). Dpr.—Large repairs. drpr.—Ordinary repairs of Machi

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. PBMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC. ✠ N.E.B.S. tpp.—Large repairs. Asp.—Incomplete renewal of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to* *A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalted.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B&MR.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* *✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ M&BR).* *lrp.—Large repairs.* *drp.—Damage repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.
LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. *RMC.*—Rollers and Machinery Surveyed and recorded to be satisfactory by the Engineer Surveyors to Lloyd's Register. *tf*—indicates Special Survey of Machinery or Boilers during construction. Diam. ✠ 1st. ✠ 2nd. ✠ 3rd. lrg—Large repairs. drp—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to* A *thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note * thus A 1 *, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steamer which, or to block (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. NMC.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ Indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ NMC.). lsp.—Large repairs. Asp.—Engineer's repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡ A 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey.*

For A 1, printed in Red, see Key. BIIds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Lloyd's Surveyors. BRMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ signifies Special Survey of Machinery or Boilers during construction. (thus, ✠ LMC., ✠ LBS.). drp.—Large openings. drp.—Drainage required, or Arrangements.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½, thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. See A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC... ✠ 5.86 &c. lrp.—Large repairs. drp.—Damage repairs, or Broken up.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots .... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the cancellation of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a blank line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note " prefixed to ✠ thus, "✠, indicates that the Vessel has been built with heavier plating than the Rules now require, the note ½ thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BS&B.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey to Machinery or Boilers during construction. (Cons. ✠ LMC 8.83)

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

DBds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, * A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ·. thus A ·. 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

DHds—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c, indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus ~~3.85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. BHds—Bulkheads PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Asp—Asphalted.

I.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. R.M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates a Special Survey of Machinery or Boilers during construction, thus, ✠ I.M.C., ✠ S.(B.)

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Conv.—Converted. Asp.—Asphalted. LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. R&M.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ R&M). lrp.—Large repairs. drp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black ——— with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in block (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, *printed in Red, see Key.* *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. *Cem.*—Cemented. *Asp.*—Asphalted. *LMC.*—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *BE&S.*—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N.&B.) lrp.*—*Large repairs.* *drp.*—*Damage repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *:. thus *A 1 1. that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

Note.—A 1 printed in Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalted.*

Machinery Classed by the Engineer Surveyors to Lloyd's Register. *RMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors.*

✠ indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC, ✠ NM&B). *lrp.—Large repairs.* *lrg.—Thorough repairs of Machinery.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For **A 1**, *printed in Red, see Key.* *BHds.*—*Bulkheads.* *PBH.*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.*—*Cemented.* *Asp.*—*Asphalted.*
LMC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* **BRMS.**—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ NE&H)* *lrp.*—*Large repairs.* *drp.*—*Large repairs of Wood*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 1·85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 1·85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *; thus A *1, that the Vessel was built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a sailing ship, imperfections the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

A1, granted in Red, as Key

Machinery Certified by the Society's Surveyors to Lloyd's Register

Boilers and Machinery Surveyed and reported to be satisfactory by the Society's Surveyors

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

Footnote * *Classification does not extend to Petroleum fittings.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; *a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to* A *thus,* *A, *indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus* A ½ 1, *that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A‡1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For Key, printed in Red, see Key.*

BHds.—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC Machinery Certified by the Engineer Surveyors to Lloyd's Register. BRMS Boilers and Machinery surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Brst. ✠ LMC. ✠ N.C.&D.) lrp. Large repairs. srp.—Common repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b c &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.87) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1*, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

The A 1, printed in Red, see Key. *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

Lon.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. ✠ LMC.—Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. (Thus, ✠ LMC. 3.88) Imp.—Iron repaired. dup.—Iron repaired, duplicate.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

For fishing purposes

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A : 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For 9 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Classed by the Engineer Surveyors to Lloyd's Register. BBMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Steamship Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC. ✠ 85 (6). drp.—Large registers. dtp.—Classed registers for Coasting.*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., initicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,83) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,83) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, * A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½, thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ B&MS). lap.—Large propeller. dap.—Damage repaired, or Machinery*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠A thus, *✠A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, painted in Red, see Key. LHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Comp.—Composite. Asp.—Asphalted. LMC. Machinery Certified by the Surveyors. Surveyors. MMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey during construction, (thus, ✠ LMC, ✠ [illegible]). Imp.—Important repairs. Rep.—Thorough repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, *painted in Red, see Key. DBds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&M.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery in Steel during construction, (Hull, ✠ LMC., ✠ B&M). lsp.—Large repairs. dsp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a. b. c, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.
LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BAM'—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Hon. ✠ LMC.) Lgs.—Large rigging. Lgr.—Lengthened register, if Machinery

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey.*

For A 1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented, Asp.—Asphalted.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ B&MS). lrge.—Large repairs. drp.—Lengthened forward.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⁂ thus ⁂A 1. that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, thus A 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphe LMC.—Machinery Classed by the Engineer-Surveyors to Lloyd's Register. BS12,86 — [illegible] Lloyd's Register. ✠ indicates special survey of machinery or boilers during construction. (Note ✠ LMC...) Npt.—Lower recoats. Orfs—Damaged remains of Machi*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ⚓ ‡ 1, that th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A LMC.—Machinery Certified by the Engineer-Surveyor to Lloyd's Register. RMC.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Sur Lloyd's Register. ✠ Indicates special Survey of Machinery or Boilers during construction, (thus, ✠ LMC. or N.B.M.C.) lrp.—Large repairs drp.—Extensive repairs of M*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from r defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

● *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column L signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2 thus A 2, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A1, A2, A3, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkhead not reaching to the Main Deck. Cem.—Cemented. Asp.—As

LMC.—Machinery Surveyed to the Registry Surveyors to Lloyd's Register. Boilers Surveyed and examined to the satisfaction of the Engineer Lloyd's Register. ✠ indicates Special Survey of Machinery and Boilers. LMC. ✠ LMC.

* *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at the time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey. For A 1, printed in Red, see Key.*

BHds — Bulkheads. PBH — Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem — Cemented. Asp — Asphalt. CMC — Machinery Constructed under the Inspection and to the Satisfaction of the Committee of Lloyd's Register. BMC — Boilers and Machinery examined and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ Indicates Special Survey of Machinery or Boilers having been made. Qual. ✠ LMC. ✠ LMC. mp — Large repairs. Asp — Asphalt.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1 printed in Red, see Key. BHds—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As

LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BMC—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surv Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, viz., ✠ LM , ✠ BM . trp.—Large repeate drp.—Damaged repeaters, of Ma

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A 1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at some time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a b c &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A1, printed in Red, see Key.* BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BMCS.—Boilers and ... reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ ... drp.—Length moulded, or Length for Freeboard.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

See A 1, *printed in Red, see Key.* *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Isp.—Ap

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, * ⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey.*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalte. LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC). —Large repairs. —Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note " prefixed to ⚓ thus, "⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⚓ thus A 1 ⚓, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ships, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 14 the ✠ signifies that the vessel was built under Special su

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Socie... Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repair... ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Regi... Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there i... Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey... is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage... from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was... time Classed, but that the Class has been withdrawn at Owner's request. In the same Column LV signifies the classification of the Underwriters' Registry, and the letters... &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from re... defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ...) indicates that the Class was withdrawn from non-compliance, at that date; w... Society's Rules. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A‡1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, in overilling the Ship's safete. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a. b. &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 1,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⚓ thus ⚓ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, impairing the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalte.

[illegible] —Machinery Constructed to the Engineer Surveyors to Lloyd's Register. PMME.—Engines and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors [illegible]

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from report defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus A *. 1, that the Ves has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers o Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Surv*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt
LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors
Lloyd's Register. ✠ indicates a Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N&B.) lrp.—Large repairs. drp.—Damage repairs, of Machine

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus A . 1. that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

~~A1, printed on Red, see Key.~~ BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented, Asp.—Asp

(A1)—Machinery Certified by the Surveyors to Lloyd's Register to be in accordance with Lloyd's Rules. ✠ Indicates Special Survey of Machinery in Steam Vessels commenced

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repor defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2. thus A 2 1, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur*

For A1, printed in Red, see Key. BHds—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Steamboat Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ B&MS). trp.—Large repairs. drp.—Passenger repairs, &c. of Steamers

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A.L. printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalte.

LMC.—Machinery Certified by the Register-Surveyors to Lloyd's Register. ESMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Register-Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery on Steamers having commenced, (thus, ✠ LMC., ✠3,85). lrp.—Large repairs. drp.—Large repairs of Steamers

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A‡1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey. For A1, applied to Hull, see Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Asp—Asphalted.

LMC.—Machinery Certificate by the Engineer-Surveyors to Lloyd's Register. RMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates a Special Survey of Machinery on Boilers during construction. (Hon. ✠ LMC., ✠ SCM.B).

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia*

For A1, refused to find, see Key. BHds—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

LMC.—Maintaining Classed in the Engineer Surveyors to Lloyd's Register. [illegible] Lloyd's Engineer, [illegible] or Boilers [illegible] LMC. ✠ [illegible] drp—Length expressed, drp—Length expressed, or [illegible]

For complete explanation of all Abbreviations &c., *see* Key at commencement of Register.

The symbols of class when printed within bracket[s] (A1)—, indicate that the class of the Vessel has lapsed for want of Survey, and when printed brackets thus (A1) (—), that the class has been w[ith]drawn by request of the Owners.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, wit Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphe

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. RMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Survey Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ SBA6). lrp.—Large repairs. mrp.—Thorough repairs of Machi

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⁂ thus A ⁂ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, provided in Hull, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. ETM.—Boilers and Machinery Examined and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction (thus, ✠LMC). ✠ indicates Special Survey of Hull during construction. Ltd.—Limited liability.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ~~A~~ thus, *~~A~~, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For A 1, printed in full, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. MMC—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Sur Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Lloyd's Reg.) LMC, ✠ MMC. lrp—Large repairs. srp—Lesser repairs of H*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repe defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1 *, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (Q) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Surv*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus* A ‡ 1, *that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A 1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph*

LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&M S—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Hull during construction, (thus, ✠ LMC., ✠ S.&M.) drp—Loose repairs. drp—Underwater repairs, at

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A1, printed in red, see Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BS&M—Boilers and Machinery Surveyed and reported on by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus, ✠ LMC ✠ B.S.&M.). Exp.—Large Expansion. Inv.—Inverted pressure on Main Boilers.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1*, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph

LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. RMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ NLKB). lrg.—Large repairs. lrp.—Limiting register, of Mach

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡⚓ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.*

LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. MS.—Built and Machinery Surveyed and reported to be satisfactory by the Shipowner. Liverpool Register. ✠ indicates Special Survey of Machinery [illegible]

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,86) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects to engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Register Surveyors to Lloyd's Register. R&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Register Surveyors Lloyd's Register. ✠ indicates special survey of Machinery of Boilers during construction, thus, ✠ LMC, ✠ SMCB. lrp.—Large repairs. rep.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2, thus A 1 2, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.*

LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BSMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Blue, &c.) lrp.—Large repairs. drp.—Partial repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, "⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ″ thus A ″ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, *printed in Red, see Key.* *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. *Cem.*—Cemented. *Asp.*—Asphalted.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ N.C.B.H.). *lrp.*—Large repairs. *drp.*—Intermediate repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at a time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A ; 1. that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, unperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalt.*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the time Classed, but that the Class has been withdrawn at Owner's request. In the same Column 1*st signifies the classification of the Underwriters' Registry, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3 85) indicates that, at that date, the Vessel defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3 85) indicates that the Class was withdrawn from non-compliance with Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under*

For A 1, painted in final, see Rule. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.*

LMC.—Machinery Certified by the Surveyors appointed by Lloyd's Register. ✠ indicates that the Machinery or Boilers of Steamers were examined, tested, and classed by Lloyd's Register.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.
